2020 has been a most interesting and challenging year. Restrictions due to the Covid-19 pandemic made us all very nervous as to whether we would be permitted to hold the show. Thanks to the foresight of our show leadership in submitting a health plan, we were approved to go on with the exhibition. Unfortunately, we had to limit the numbers of persons permitted in each of the three buildings so we deliberately didn't promote the show as a venue to visit for non-pigeon people. Hopefully, next year we'll be able to draw in some of the general public as it results in not only positive promotion but reawakens a desire in some people to get back into birds or discuss with those around them the positive aspects of the hobby. All around it is good for us when the general public comes to the shows.

This year's Premier was the largest we've seen in recent years. Thanks to the participation of out of area fanciers the numbers were just under 2,000 birds, making it one of the largest U.S. shows in 2020. We welcome continued participation and interest in future shows.

Mike Spencer and show secretary Josh Zilles putting up skirting to make the show just a bit nicer.

Show superintendent Kevin Severson putting up cages.
